HEMOSTASIS MADE CONFIDENT BY DESIGN

Closure starts with a secure fit. The ZEPHYR® Vascular Compression Band (VCB) is designed to provide security, comfort, and simplicity. This band is uniquely universal with its standard syringe compatibility and multiple access site versatility.

Soft, Flexible Band

Compliant elastomeric band for patient comfort and firm compression balloon for vessel hemostasis

Double-Bonded Radial Balloon

The ZEPHYR® VCB helps clinicians achieve vessel hemostasis with firm downward pressure and clear visualization of the puncture site

Interchangeable Syringe Connection

Easy to use: universally compatible with standard Luer syringes
